NEWS ITEMS OF INTEREST.

Nearly 300,000 persons are employed on British and Irish railroads.

An enterprising Yankee is making a Honolulu directory, and for the first time the houses are to be numbered.

The ex-Empress has ordered of the sculptor Boeham a marble group of life size representing the Prince Imperial lying dead on the ground, partly wrapped in his cloak, while an angel is crowning him.

Pauline Markham, the famous beauty of the original Lydia Thompson company, has been heard from in Arizona. She quitted her husband and a "Pinafore" company, leaving a letter in which she said that she was tired of both.

A tramp found a woman alone in a Vermont farm house, and threatened to kill her if she did not give him five cents. "Well; here it is," she said, showing the coin, "but I guess I will shoot it to you," and she dropped it into the barrel of a shotgun. The fellow did not wait to take it.

Krupp turns out 300 cannon of the largest calibre every month, and often double that number—15,000 in two years. He has fattened on war. In 1810 the firm employed 10 men, in 1843 100; to-day many thousands of operatives draw wages from him.

There are about 800,000 head of cattle in California, and 8,000,000 sheep. The stock breeding was begun in 1796 by Spanish friars at San Diego, who went there from Lower California with 200 head of cattle and 100 sheep, besides a few horses and some hogs.

Ved Connor was chairman of the floor committee at a Colorado ball, and vowed his intention of excluding negroes, if he had to shoot them. It was deemed a good joke to blacken the face of a burly white desperado and send him to force an entrance; but Ved carried out his promise by shooting the intruder.

The art treasures of Prince Paul Demidoff, heretofore deposited in his villa at San Donato, are about to be sold at auction in Florence. The most famous art collectors in Europe have already gathered there to attend the sale. An illustrated catalogue has been published, which is a rare work of art in itself, the price being $10. It is sold for the benefit of the poor.

Last Wednesday afternoon considerable excitement was created by the discovery of gold on Main street, Millerville, Shasta county. Henry Thomas, an old miner, picked up a piece about the size of a double B shot, and several others picked up smaller pieces. A pan was obtained, a portion of the earth washed, and a considerable quantity of gold was obtained.

A Rail-Cutting Saw.

From the Sacramento Record-Union.

A rail-cutting saw, erected some time since but not yet used, was being tested at the railroad shops yesterday. The saw is made of hardened steel, is about nine feet in circumference and a quarter of an inch thick, and yesterday made 3,500 revolutions per minute. The edge of the wheel is perfectly smooth, but it melts its way through an iron rail in a short time, and does not itself become heated, though the friction causes a stream of fire to roll forth.

C. J. Brookins is agent for all the leading styles and makes of pianos and organs. He guarantees to sell at Eastern prices, on the installment plan. Pianos and organs for rent. jan31

THE RIGHTS OF SOCIETY.

Men who sell firearms should take great pains to prevent accidents. Those who sell deadly drugs, to prevent poisoning. Those who sell intoxicating drinks, to prevent making drunkards. It would be highly unprofessional for a gunsmith to encourage duels or to surreptitiously put bullets into revolvers in his show case. It would be dastardly for a doctor to give his patients something to make them sicker in order to increase his bill. It would be inhuman and devilish for a saloon keeper to press the cup to the man's lips who had all he could do to keep his family in comfort. There are plenty who want liquor and are willing to pay for it, to support the saloons, and it is fair and legitimate for each one to try and get his share of the business. They have paid their license and the law allows them to sell to any man or woman who wants to buy. No matter what destitution a man may bring upon his family; no matter how many families are distracted and rendered miserable; no matter what wives are treated with violence, what children starve or grow up in ignorance and crime; no matter what mother may agonize over the loss of her son, or sister blush at her brother's shame, the law gives the right to sell, and if the present race of sellers retired, others would instantly take their places. They may fit up elegant saloons and make a tempting display of their wares and no one can deny their rights. But when they use art to stimulate the fiery thirst, they violate the sacred law of society. When they try to seduce men from their own firesides, when they try to break men of their steady habits in order to swell their receipts, they commit a crime next door to murder. Such a practice deserves the execration of every respectable man and woman in the land, and every pressure should be used to keep the sale of liquor in its proper place. Boys should be carefully excluded from saloons, and men who do not desire to go there should not be influenced in any way. It is no argument to say that the man who yields to pressure is not worth saving. The pressure comes in many forms and often in the most effective form, and the poor man who yields is often well worthy of a better fate.

THE ROOT OF THE MATTER.

The papers throughout the state are endorsing the proposition made by the GAZETTE to those in favor of reducing railroad rates by law, to give their plan to the public. The *Journal* says:

"If fares and freights are to be regulated let bills be prepared and published and the public will be better prepared to judge how one section can be benefited without another section being injured."

The Lyon County *Times* in commenting upon the above remarks says:

"Now is the time to publish the bills, so that they can be indorsed or rejected by the county conventions which will meet in a few months. When some bill is endorsed, let the nominees of the convention indorsing it, pledge themselves to vote for it, and do all in their power to procure its passage. They will then have no reasonable excuse for failing to keep their pledges, and will, besides, not be held responsible if the bill afterward proves objectionable. We believe that Legislators would rather stand by their constituents than not, if they only knew beyond a doubt the wishes of their constituency. Let railroad bills be prepared, published, and discussed without further delay."

Let us hear from the wise men who can regulate the universe so easily and completely.

PUT IT IN THE FREE LIST.

The newspaper men are making a combined effort to have printers' type placed on the free list. Type formerly paid a duty of twenty-five per cent.; four years ago it was reduced to ten and still the foundries have done well. The business is monopolized by a few firms, only four being largely engaged in manufacturing, and fourteen or fifteen others being dealers. To support these few men, over 30,000 master printers with 300,000 employees are taxed. This burden touches the people at large in a vital spot, for everybody reads newspapers, and the cheaper the materials, the better we can make the papers on the same support. The exports of type from the United States are three times the value of the imports, so it would seem that this small business has been sufficiently protected already. The loss in revenue to the Government would be less than $5000 a year, and with lower prices, the demand would increase so fast that our type foundrymen would be benefitted as much as anybody else.

A SUGGESTION.

The *Journal* suggests that an admission fee of two bits be charged to the Saturday evening meetings of the Reform Club. A small fee would be advantageous in several ways. It would prevent such jams as have filled the rooms all winter and add to the revenue of the Club. If tickets were sold good for one person at the rate of three for a quarter or ten cents apiece even that price would pay expenses and more too. The tickets could be small or they could be printed in sheets and sold five or ten together and one torn off for each admission. The trustees we understand are very much opposed to charging any fee, but it looks as if it must come to that sooner or later.

Since writing the above, we learn that the Club has decided to charge a small fee.

EDITORIAL NOTES.

The *Bulletin* publishes a table giving treasure shipments from San Francisco from 1870 to 1880. The grand total is over three hundred and forty-five million dollars. The year 1877 has the highest average. New York was the destination of over two hundred and nine million. China nearly eighty-eight million. Japan over sixteen million and England a few hundred thousand less. These figures do not include what went through the mails or was carried off as personal baggage.

This week's Harper's contains a sarcastic cartoon on the Navy and Merchant Marine question. The United States is represented as an unprotected, but very confident female, armed only with an umbrella and her own virtue. She is an object of the greatest curiosity to John Bull, the Turk, Italian, Prussian, and others who gather about her, their navies being represented by steaming pipes (full of navy) and cigars which they smoke very industriously.

The Nihilists still persist in their attempts to annihilate the Russian Royal family. An explosion occurred in the Imperial Winter Palace at St. Petersburg last Tuesday evening, killing eight soldiers and wounding forty-five. The Royal family were not blown up, however, though doubtless the Royal nerves were badly shaken. How uncomfortable it must make a Russian feel to be "closely attached to the person of the Czar."

Weston, "the walkist," and O'Leary, the "pedestrian," have long been anxious to measure legs with each other, but Weston has always insisted that the match should take place in England, while O'Leary maintained that American soil is good enough for the purpose. At last the two champions have agreed to walk a match in San Francisco during the second week in March.

The mock-reverend Edward Cowley, who starved and ill-treated the children in the "Shepherd's Fold," at New York, has been convicted and will shortly be sentenced.

A great shrinkage of the "mercury" is reported from Dakota. Never before has the wind blew so hard or the snow been so deep. The O. I. has never seen anything like it.

They have their little freshets in Illinois sometimes, for the Little Barren river has just swept away the town of Osceola, destroying property worth $100,000.

Uncle Sam is willing to let Lesseps build a canal across the Isthmus, but Uncle Sam must first be consulted and must afterwards be allowed to boss the whole business.

A Railroad For Plumas.

From the S. F. Bulletin.

The project is again renewed for the construction of a railroad between Truckee, in Nevada county, and Quincy, in Plumas county. The incorporators are well known men of Truckee. The people of Plumas have for sometime been asking for a railroad. The rates fixed in the bill now before the Legislature are ten cents per mile for passengers and twenty cents per ton on freight, with thirty per cent. added for freight carried a less distance than ten miles.

A man, interrogated by a Judge of Instruction, in France, on a charge of murdering his mistress, stared vacantly and long appeared unconscious of what was going on, but, on a probing question being put, he suddenly defended himself with great intelligence. "Ah," said the Judge, "I see you have been simulating insanity." "No," was the answer, "I was mad, but my reason has just returned to me."

In Idaho, at Idaho City, the snow is three feet deep, four at feet Placerville and five feet at Quartzburg.

A man called "Sailor Jack" has been notified to leave Winnemucca by the "601" of that town.

A deserter from Fort Cameron, Utah, named Engleking, was recently shot while trying to steal a horse in Iron county, Utah.

John Jones was killed at the Keystone tunnel on Feby. 9th in Minnesota, Sierra county, by being caught by a cave in the mine.

The population of Spokan county, Washington Territory, has nearly doubled in twelve months. An immense crop of wheat will be raised this year.

They have struck a bonanza of fossil jaw bones in the Rosebud mine, Dakota. Bones of thousands of men and animals sixty-one feet under the surface of the ground.

A careful canvass among the corporations at Sacramento shows that not a single Chinaman is employed by them, with the exception of a solitary interpreter at the railroad depot.

Monday while a son of A. B. Stout of Golden Dale, W. T., was playing with a seven-shooter, the weapon was discharged and the ball struck his little sister, taking effect in the cheek, below the eye. The wound is considered dangerous.

Vick's Seeds.

Pinniger & Queen have received a large lot of Vick's flower and vegetable seeds, floral sets, alfalfa, timothy, lawn grass, blue grass, white and red clover, onion sets, etc., all of which will be sold at lowest market rates. All who wish fresh and reliable seeds are invited to call and examine. feb16

Stop That Cough

With a sample bottle of Kaiser's German Elixir. This is the most wonderful cough remedy ever introduced, being mild, yet positive in its action and soothing under all circumstances. Old and young may use it with perfect security. It is rich in the medicinal properties of tar, wild cherry and horehound. Ask your druggists, Messrs. Osburn & Shoe maker, about its merits. They sell large quantities of it and say it supercedes all others. The genuine bears the Prussian coat of arms and the facsimile signature of Dr. Kaiser on the wrapper and has his name blown in y 75 cent bottle. Samples 25 cent. Large e 75 cents. feb2-d&w

A Fragrant Breath and Pearly Teeth.

Are easily obtained by cleansing your teeth daily with that justly popular dentifrice, SOZODONT. Composed of rare antiseptic herbs, it imparts whiteness to the teeth, a delicious aroma to the breath, and preserves intact, from youth to old age, the teeth. Acidity of the stomach will destroy the strongest teeth unless its effects are counteracted with SOZODONT, and this pure tooth-wash protects the dental surfaces by removing every impurity that adheres to them. Ask your druggist for SOZODONT. d&w

J. L. McFarlin has returned from San Francisco.

Hill Dunning, of Carson City is in town. He is going back East to live.

Judge McKinney of Austin left this afternoon for Wadsworth, whence he drives home in his own team.

A. J. Coghill, of Ione, Cal., the former proprietor of the Reno Flour Mills, is in town.

Judge Curler, District Attorney of Belmont, Nye county, was in town today. He says the prospects in the mining camps around Belmont are bright for the coming year, but times are very dull in Belmont itself. The Judge goes to Carson to-morrow.

I. O. G. T. Officers.

Why Sallie Threatened Kelly.

Says the *Silver State*: The examination of Sallie Winnemucca before Justice Osborn to-day, showed that no white man incited her to send the dispatch, for which she was arrested, to the editor of this paper. She was told here in town that she was pictured in the New York pictorials as being drunk and brandishing a knife, and that the editor of the *Silver State* was the cause of it. The falsehood aroused her anger and caused her to threaten to have the editor's blood.

AN INTERESTING CASE.

Mr. Raphael's Sufferings—Different Methods of Treatment and Final Relief—Curious Surgical Appliances.

Mr. Raphael, the tailor, contracted a very severe cold at the fire of last March, which resulted in complications that have since caused him great suffering. His illness gradually increased during last summer and fall, until at last he had great difficulty in swallowing anything, and was reduced to a mere skeleton. He was treated here by Dr. Bishop, who was of the opinion that the cause of the trouble was in the patient's palate. With a view of removing the cause of the disorder, the learned doctor cut off the patient's palate, or to be more exact, that fleshy appendage to the soft palate which hangs over the root of the tongue and is known to the profession as the uvula. Mr. Raphael still preserves his uvula, partly as an interesting anatomical preparation, but more as a proof of Dr. Bishop's surgical skill. The doctor is said to take a particular delight in palatal operations, and to entertain a theory that the removal of the uvula is a sure cure for a great variety of ailments.

Mr. Raphael finally determined to go to San Francisco and get the best medical treatment. He submitted his case in turn, to Drs. Zeile, Soyer and Farrel, who all abandoned his case as hopeless. Indeed, it seemed almost presumptuous in them to undertake to deal with a case in which Dr. Bishop of Reno had failed.

At last Mr. Raphael put himself in the hands of Dr. M. Livingstone, a young surgeon of only 23 years, who had recently returned from the hospitals of Paris and Berlin. Dr. Livingstone found that his patient was suffering from a structure of the œsophagus, or gullet. He first treated the case by electricity and subsequently effected an entire cure by the use of bougies.

Mr. Raphael was much impressed by the marvelous ingenuity of modern surgical instruments. In order to ascertain the nature and seat of the disease, Dr. Livingstone introduced into his patient's gullet a long, cylindrical, flexible instrument in which a number of small mirrors were fitted as reflectors. The rays from a powerful lamp were then directed into the instrument, in such a way that any portion of the passage could be illuminated at will, and by the aid of the reflector made visible to the eye of the operator. Thus the doctor ascertained the exact location of the stricture, which was situated low down, near the entrance of the stomach.

Again, Mr. Raphael was struck by the manner in which Dr. Livingstone treated a disease of the throat with which he was also afflicted. He used an instrument similar to that already described, by which his whole throat was lighted up, enabling the doctor to apply medicine in the form of a powder, directly to th spots affected.

Mr. Raphael is now able to attend to his work, is rapidly gaining in strength, and considers himself cured. He can be found at his tailoring shop on Virginia street.

Two Judicial Districts.

Judge McKinney, of the Fifth Judicial District, which is composed of Nye, Lander and Churchill counties, says that he has no difficulty in dispatching all the business of his circuit. In fact there is hardly enough work in his district to keep him busy. He was first elected nine years ago and has occupied the bench ever since. Lander then included Eureka, and many important mining suits came up for trial before him, in the early years of his judgeship. The Judge thinks there is now more legal business in this county alone than in his whole district. His salary is $5500. Judge King, of this district, made up of Washoe, Ormsby and Douglas counties, is paid $5000. But his expenses are lighter than Judge McKinney's, as the latter has to do a good deal of traveling and is obliged to keep a team.

Judge McKinney thinks that Washoe could hardly afford the expense of a judicial district that would include no other county. And he believes there would be no chance to form a new district to consist of Washoe and Churchill, because the Fifth district which now includes Churchill, is none too large.

Overland Passengers.

The following is the list of overland passengers to pass through Reno on the Pacific express this evening: Fred. Tucker, Cleveland; G. D. Cooper, San Francisco, Miss Christine Watson, Mrs. Watson, Robert Watson, Thos. Hill, Connecticut; Mrs. W. Bigelow, New York; Mr. Lansing, wife and child, Albany, Yew York, and T. D. Hosie, New Jersey.

A Close Communion Social.

The ladies of the Women's Temperance Union will give a private social to the members of the Reform Club to-morrow evening in the Reform Club hall. The entertainment will last from seven until 10 o'clock and will close with a supper. It is free to all members, who will be required to show their cards.

JOTTINGS.

— Where is D. Banks McKenzie? He did not turn up last night.

— Roger Johnson has removed his law office to the Odd Fellows' building.

— Wadsworth will have a masquerade ball next Monday night. Tickets only $1.

— Bechtel's saloon is a veritable "Oasis" to many of the thirsty sons of the desert.

— The case of F. Lemmon vs. Elda A. Simpson was before the District Court to-day.

Senator Ross is going East to take charge of a store six miles from Monticello, Indiana. He leaves here next month.

— Bodie declares a dividend of 25 cents, and Argenta a dividend of 20 cents. Leviathan levies an assessment of 25 cents.

— There will be lots of fun at that Juvenile Old Folks concert that the Methodists are getting up. It will be held in the Nevada Theatre on March 15th and 16th.

— H. J. Thyes, First Assistant of Reno Engine Co., No. 1, is preparing a full report of the wants and general workings of that fire company, to be presented at their next monthly meeting.

— Mrs. Alt advertises to give private lessons in dancing at Winchell & Cunningham's hall, for ladies, gentlemen and children. She is a good and pains-taking teacher. See advertisement for particulars.

— Joe. Frey's new house southwest of Reno, was very nearly destroyed by fire last Sunday. The high wind scattered the fire under a big kettle outside, and an outhouse was nearly burned down before it could be put out.

— The Masons had a pleasant little social party last evening. A number of the solid men were there and they all seemed to be having a good time. Glancing in at the door a reporter caught sight of T. K. Hymers dancing as lively as a cricket.

Fun in the Court Room.

Lawyer Haydon delivered himself of one of his dry jokes in the District Court yesterday, at the expense of I. B. Marshall. Marshall had moved the court for a continuance in the case of Harrison and Bunting vs. the C. P. R. R. Co., rather insisting that the court had no other course open to it than that of granting the motion. After Marshall had concluded his argument, Haydon gradually arose to his feet, and turning over his cud thoughtfully a few dozen times, thus addressed the court, speaking with more than his usual deliberation:

"The only difference I can see to exist between the Almighty and the learned counsel for the defense is a grammatical one. One is the 'Great I Am,' the other the Great I. B. I suppose it is of no use for me to oppose the motion of one who is so near the Throne of Grace."

This brought down the bench, the bar, and the court room.

A Dime Ad mission Hereafter.

The Reform Club has decided to charge an admission of ten cents to its Saturday evening entertainments. Tickets will be sold at the box window in the theatre. A ticket to the dance, costing one dollar, admits a gentleman and lady to the meeting. Dance tickets can be bought at the window. Reform Club members will be admitted without charge on showing their membership cards.

Prizes for the Spelling Match.

Two beautiful prizes are on exhibition in Goeggel's window. They are to be awarded to the winners in the spelling match on Monday evening next in the Methodist church. The ladies give the first prize, a beautiful glass vase with a silver stand. The second prize is the gift of Mr. Goeggel, and is a pair of gold mounted moss-agate sleeve buttons. The stones are very fine. Spelling will begin at 7:30. Admission 25 cents.

Boys Going to the Devil.

Many sober heads of families may be shocked to learn that it is a common thing for mere boys to be found in the most disreputable alleys in the town. It is well-known to the officers, and to others with good opportunities for observation, that numbers of boys under the age of sixteen, are in the habit of visiting the abandoned women who live in those places. Look after the boys at night.

Letter From a Brute.

ED. GAZETTE:—I read "Minnie's" letter in the paper yesterday. Think the GAZETTE is right. If a woman wants to bring her baby to a concert, let her either sit on or gag it. At least she should come provided with chloroform or ether, and give some to the "dear little rosy-cheeked babe," when it begins to cry. I, for one, don't mind the baby, it's the squawk.

JEWELRY

$75.00 worth for $15.00,
—(AND A(—
Solid Abyssinian Gold Watch
FREE! FREE!! FREE!!!

The above offer is genuine, although at first sight you would consider it impossible. We will explain: Since we first established our business here, March 1st, 1878, we have paid particular attention to the buying of Bankrupt and Auction lots of Jewelry and Watches often buying at as low as one-tenth their value, and in no instance have we paid over one-sixth the manufacturers' price. Since starting we have always been able to dispose of these goods in Chicago and through our regular customers throughout the country at nearly regular prices, as fast as we could procure them, but owing to the large number of failures among the heaviest dealers and manufacturers throughout this and other countries during the months of June, July and August (the time when the jewelry business is stagnant), we have now on hand an immense stock of the most desirable goods we have ever handled, and which we have bought at lower prices than ever before. In order to dispose of this entire stock in the most speedy manner possible, and make room for new ones which we shall continue to buy, we have hit upon the following novel plan:

We propose to give you a list of the most desirable of these goods, giving opposite each article its regular retail value, and sell to you at the rate of Five Dollars' worth for $1. For instance, on receipt of 50 cts. we will send you, POSTPAID, any article to the value of $2 50; on receipt of $1, articles to the value of $5, and so on throughout the entire list. Below we give a list of the most valuable of these goods.

DISSOLUTION

—OF—

Co-Partnership.

NOTICE IS HEREBY GIVEN that the partnership heretofore existing under the name, style and firm of J. W. SHAEFFER & CO., is this day dissolved by mutual consent. The business of said firm will be hereafter conducted and carried on by JOHN W. SHAEFFER, who will receipt and liquidate any and all indebtedness due and owing by said firm.

JOHN WERNER SHAEFFER,
JULIUS KRAEMER.

Dated, San Francisco, Dec. 29, 1879.

In reference to the above, I desire to notifiy my customers that I shall carry on the manufacture of Cigars as formerly, on the old premises, and under the old name of J. W. SHAEFFER & Co. My aim in the future, as in the past, shall be to give each and all my patrons a fair and full equivalent for their money, only asking in return promptitude in remitting the values I have given them at the time agreed. It will be my effort to make my long experience (unexcelled as a local manufacturer) more than ever profitable to my customers, by more than usual care in the selection and treatment of the Tobacco, and in nicety of execution in manufacturing. I shall adhere strictly to the determination announced by my firm some months ago, not to employ drummers to effect sales, but rely solely on the merits of my goods, and give all the advantages of reduced expenses to my patrons in lower prices. I shall, however, visit, if possible, personally, or by my former salesman, B. F. Armstrong, all my customers during the year, to ascertain their views and profit, if I can, by the experience they have gained in handling my goods, as to the wants of the trade and the tastes of consumers. Thanking my friends for past favors so liberally bestowed, I can say, on soliciting their continuance, that I am determined that their views and wishes shall be more freely and exactly gratified in the future. Wishing you a full share of the prosperity in business apparently promised the Coast during the coming year, I am, yours respectfully,

J. W. SHAEFFER.
